your investment!***

# Gardien Icewine Netting

By working extensively alongside the grape grower, Syfilco has developed its Gardien brand icewine netting.

Syfilco Ltd, a Canadian company located in Exeter, Ontario, has used its innovative technologies to produce this unique netting product for a unique and growing icewine market.

## ADVANTAGES:

- Made from strong HDPE resin
- UV protected
- Stabilized
- Netting is soft
- Wide selvedged edge for closure
- Center marking line ensures a perfect application of netting every time

- Flexible enough to cover the entire row from top to bottom, providing peace of mind from bird attacks
- Netting is reusable

**Whatever your product,  
protect it with**
